

"Oh Hi! I've booked the room and sent out the final agenda. 100 of us have to agree our Plan. We've got 6 Speakers. Can you come and facilitate next week?"

# HOW TO MAKE THE MOST OF **your** FACILITATOR

"Let's All Work Together"

GO TEAM!

Yes! Facilitators can do magic at the last minute ... but

there is a better way

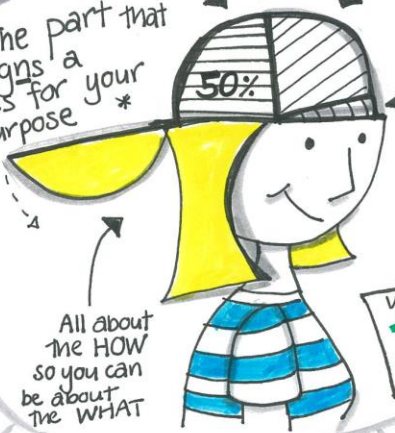

INSIDE YOUR FACILITATOR...

**Before**

lets talk about

- 1 The story so far
- 2 The purpose
- 3 indicators of success
- 4 minimum viable outcomes
- 5 where your people are at
- 6 who needs to be there
- 7 how decisions get made
- 8 what happens next
- 9 why you really want a facilitator

The part that designs a process for your purpose \*

The part that nimbly responds to what arises

The part that stands up the front & "controls" the meeting

SO

- 1 We avoid your nightmare scenario
- 2 We focus on Purpose
- 3 We all reflect on and learn from the process

You might think this is what you want but the more you use the other parts the less you need it

- 1 Process to achieve the Purpose
- 2 Process to make the most of the people
- 3 Place and layout to max productivity
- 4 Way to harvest & share results.

**Then** we design the best
